

2023 Denver Municipal Election Recommendations

The Denver Municipal elections are non-partisan in which no party affiliation is identified. All current Denver elected positions are held by Democrats many with an extreme leftist or socialist orientation.

As Republicans we have tried to identify the more moderate or centrist of those candidates. All except one of the candidates this election cycle are Democrats. We have not included the candidates with no opponents.

There will quite probably be a runoff election in June for several positions and we will update the list if needed.

We recommend you vote for the following candidates.

Mayor	Andy Rougeot
Auditor	Timothy O'Brien
Council At Large	Marty Zimmerman & Tim Hoffman
Council District 1	Amanda Sandoval
Council District 2	Kevin Flynn
Council District 4	Diana Romero Campbell
Council District 5	Amanda Sawyer
Council District 7	Arthur May
Council District 8	Brad Revare
Council District 9	Darrell Watson
Council District 10	Chris Hinds

We recommend that you vote No on ballot questions 2N and 2O.

We have taken no position on ballot question 2M.
